OWNER PROFILE

Maury Cabrera, SMP

Owner and Principal Risk Control Consultant

15 years of experience across commercial insurance, risk control, and occupational safety, with a background in insurance carrier operations, third party administration, and corporate safety management.

Experience includes commercial property and casualty risk assessments, underwriting support, loss control program management, technical report review, and direct consulting with commercial insureds.

Relevant Professional Experience

- **Commercial Insurance Carrier:** Managed risk control services for major commercial accounts in construction, manufacturing, and other industrial sectors. Coordinated field consultants and specialty resources, reviewed technical reports, and worked directly with underwriting teams on risk exposures and service priorities.
- **National Third Party Administrator:** Managed loss control services for construction group captives and middle market commercial accounts. Conducted field assessments, coordinated consultant assignments, reviewed reports for quality and completeness, and presented loss trends and risk improvement priorities.
- **Heavy Civil Construction:** Supported occupational safety and risk management across highway construction projects, asphalt production facilities, equipment operations, and transportation fleets.
- **Public Transportation:** Supported risk management, occupational safety, regulatory compliance, and loss analysis for a public transit organization.
- **Commercial Auto Insurance:** Supervised insurance operations involving underwriting review, risk evaluation, quality assurance, and performance management.

CREDENTIALS

- Safety Management Professional (SMP), Board of Certified Safety Professionals
- OSHA 510; OSHA 30-Hour Construction and General Industry
- Training: competent person (excavation and trenching, fall protection), lockout/tagout, DNV root cause analysis
- Former licensed P&C producer (Indiana and seven nonresident states); native English and Spanish

HOW WE WORK

- **Sole operator:** the owner completes every assignment; no subcontractors
- **Turnaround:** standard reports generally completed within 10 days, subject to assignment scope and client requirements
- **Availability:** after-hours and weekend site visits
- **Background check:** available on request
- **Paperwork:** Indiana LLC; W-9 and certificates of insurance on request
